We will stress the importance of school time and balance it with the much needed socialization and physical activity your kiddos need.

**Group size:** Campers will be split into two "PODS" of 10-12 kids. These groups will be mixed-aged and include siblings. Each Pod will have two "Learning Teams" of 5- 6 kids according to age and grade level.

Mini Community School

---

Do you want the opportunity for your child to have a “magical” year? *inMovement's Bella Vista Location* on Percy Street will host the Mini Community School. The Mini Community School will allow families who feel virtual is not a good option but overwhelmed with the possibility of homeschooling to have another option. **Our goal is to form a low-risk “pod” where kids can benefit from social interaction and a hands-on learning environment.** This progressive and experiential microschool will include Pre-K through 3rd grade. No more than 12 students will enjoy a large kids’ gym with a separate classroom area and private outdoor space. Big kids and little kids will divide for lessons and explorations with the opportunity to come together and share their new-found knowledge.

Movement, music, art, and creativity will be emphasized and integrated into our standards-based, project-centered curriculum. 1st - 3rd grade will register their child / children with the Philadelphia School District as home-schoolers and families will be helped with this process every step of the way. Mini Community School's curriculum is designed to exceed district expectations for demonstrable progress. Strict COVID-19 protocols will be in place as we will be developing a social contract between enrolled families and our staff.
